It is essential that you have stock of JOBST UlcerCare Kits in order to apply compression therapy to your leg ulcer patients in a timely manner.

Please follow these steps to ensure you always have the right stock levels.

1

Minimum stock levels of JOBST UlcerCare Kits:

2x Small Beige & 2x Small Black
2x Medium Beige & 2x Medium Black
2x Large Beige & 2x Large Black
2x Extra Large Beige & 2x Extra Large Black

2

Nurse to take correct sized kit for named patient. Please use the new Pro Forma.

Nurse to leave patient NHS number and which kit was used for Admin Team

3

Admin Team to place new order on HALO. Insert patient NHS number in the justification box that will appear when you place the order.

4

When order arrives, Admin Team to place new kit back into stock box.

Minimum stock levels to be checked regularly.

I confirm that I have understood the process for ordering JOBST UlcerCare Kits.
